#### LANDA CLUB

*Member LC20 | Financial Consultant | Feb 2026 – present*

- Member of Cohort 20 in a community of senior professionals acting as board members, advisors and company accelerators; contributing across finance, strategy and growth.

#### DECOLAR | Online Travel Agency (Prosus Group)

*Senior Planning and Strategy Manager | Jan 2026 – Jul 2026*

- Led the Planning and Strategy area and managed the Brazil B2C P&L: R\$ 16 billion in Gross Bookings and R\$ 300 million in annual revenue.
- Structured the area, the Reporting Pack to the Despegar board, and the weekly tactical tracking of the B2C strategy map, with matrix reporting to the Brazil CEO.
- Evolved the Prosus management model, based on OKRs and FCA (Fact, Cause and Action), integration with Prosus, and adoption of AI and automation to accelerate analyses and insights.

#### VOLL | B2B Traveltech (L&CO / Localiza)

*Head of FP&A | Sep 2024 – Oct 2025*

- Led the FP&A and Accounting teams, managed a R\$ 1.5 billion GMV P&L and reported to VOLL's board and the Localiza Council.
- Raised EBITDA forecast accuracy from 80% to 98% and revenue projections from 89% to 99%, through centralized governance and daily validation dashboards.
- Reduced the accounting close from 6 to 3 business days and led the implementation and audit of the revenue module of the Benner ERP.

## **RAPPI | Delivery Marketplace**

*Senior FP&A / SP&A Manager | Sep 2023 – Aug 2024*

- Led FP&A and managed a R\$ 1 billion GMV P&L; Business Partner for Logistics, Marketing and Sales, with weekly reports to the Colombia headquarters and the Brazil board.
- Led the burn reduction project that took the Brazilian operation to breakeven in 9 months, with efficiency gains from the first three months and individual recognition.
- Finance Business Partner for the Box Delivery integration: reduced the unit delivery cost to about 70% of the previous average through KPIs, per-client P&L and granular compensation analysis.

## **OLHO MÁGICO / PORTO | Proptech**

*Finance and Data Analytics Manager | Feb 2022 – Mar 2023*

- Managed budget and P&L with an annual burn rate of R\$ 30 million and monthly reports to the Porto board on runway, monetization, synergies and business risks.
- Reduced the monthly burn from R\$ 3 million to R\$ 170 thousand in three months amid downsizing; led executive communication and the realignment between Nido Tecnologia and Porto.
- Incorporated Data Analytics into the finance area and created product and design guardrails for rolling forecasts and faster corrective actions.
